7. Pursuant to the provisions of the Act, a Member is entitled to attend and vote at the AGM is entitled to appoint proxy to attend and vote on his/her behalf and the proxy need not be a member of the Company. Since, this AGM is being held through VC/OAVM, the physical attendance has been dispensed with. Accordingly, the facility for appointment of proxies by the members to attend and cast vote is not available for this AGM and hence the Proxy Form and Attendance Slip are not annexed

to this notice. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.

8. In line with the Ministry of Corporate Affairs (MCA) Circulars the Notice calling the AGM along with Annual Report 2021-22 is being sent only through electronic mode to those members whose e-mail address is registered with the Company or the Depository Participant(s). Members may note that the Notice of AGM along with Annual Report has also been uploaded on the website of the Company at www.lkpsec.com, websites of BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-voting facility and e-voting system during the AGM) at www.evotingindia.com. Members (Physical / Demat) who have not registered their email addresses with the company can get the same registered with the company by requesting to our Registrar and Share Transfer Agent i.e. Adroit Corporate Services Private Limited ('RTA') at info@adroitcorporate.com and to the Company at lkpfininvestor.relations@lkpsec.com.
 9. Institutional/Corporate Shareholders (i.e. other than individuals/HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the e-AGM on its behalf and to vote through remote e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to lkpfinancescrutinizer@gmail.com or with a copy marked to www.evotingindia.com.
 10. Notice is also given under Section 91 of the Companies Act, 2013 read with Regulation 42 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 that the Register of Members and the Share Transfer Book of the Company will remain closed from Tuesday, June 14, 2022 to Monday, June 20, 2022(both days inclusive).
 11. The information and instructions for shareholders for remote e-voting are as under:
 - I. Pursuant to Section 108 of the Companies Act, 2013, Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of Listing Regulations, the Company is pleased to provide the facility to Members to exercise their right to vote on the resolutions proposed to be passed at AGM by electronic means.
 - II. The Company has engaged the services of Central Depository Services (India) Limited (CDSL) to provide e-voting facility.
 - III. Voting rights shall be reckoned on the paid-up value of shares registered in the name of the member/ beneficial owner (in case of electronic shareholding) as on the cut-off date, i.e., Monday, June 13, 2022 . A person who is not a member as on the cut-off date should treat this Notice for information purposes only.
 - IV. A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date, i.e. Monday, June 13, 2022 only shall be entitled to avail the facility of e-voting/ Poll on Demand.
12. Information and other instructions relating to e-voting are as under:
 - (i) The voting period begins on Thursday, June 16, 2022 at 09:00 A.M. and ends on Sunday, June 19, 2022 at 05:00 P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Monday, June 13, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
 - (ii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.
 - (iii) In terms of SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENTS

India is presently known as one of the most important players in the global economic landscape. Our country is growing rapidly and is expected to become a US\$ 5 trillion economy by 2025. The Union Budget presented on February 01, 2022 highlighted the policies and investment incentives to look forward to in the next year. The investments in India has been riding high for the last few years. Investments here should always be a long-term story. The next 10 years will surely give good returns.

Over the years, India has emerged as one of the fastest-growing economies in the world and an attractive investment destination driven by economic reforms and a large consumption base. India's gross domestic product (GDP) at current prices stood at Rs. 55.54 lakh crore (US\$ 743.34 billion) in the second quarter of 2022, as per the provisional estimates of gross domestic product for the second quarter of 2021.

OPPORTUNITIES AND THREATS

Your Company is committed to addressing the changes boosted by its strengths in market position, agile execution capabilities, robust early warning systems and extensive use of analytics for risk mitigation and resource allocation. It will ensure to take advantage of the tailwinds that may emerge during the course of the year.

SEGMENT WISE / PRODUCT WISE PERFORMANCE

The Company is engaged in investment activities and other financial services during the year under review, hence the requirement of segment-wise reporting is considered irrelevant.

OUTLOOK

LKP Finance Limited being an investment Company seeks opportunities in the capital market. The volatility in stock indices represents both an opportunity and challenge for the Company. We continue to see significant in the market and will use periods of weakness as investment opportunities for long term.

The Company carries shares and securities in its books. The effect of mark to market thereon have been taken into account for the year. The Company believes that it has taken into account the impact of known events arising out of COVID-19 pandemic in the preparation of financial results resulting out of fair valuation of these investments. However the impact assessment of COVID-19 is a continuing process given its nature and duration. The Company will continue to monitor for any material changes to future economic conditions

RISKS AND CONCERNS

The very nature of the Company's business makes it subject to various kinds of risks. As an NBFC, the Company is exposed to credit, liquidity, market and interest rate risk. Capital market activities in which most of our activities depend on is also influenced by global events and hence there is an amount of uncertainty in the near term outlook of the market.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an adequate system of internal controls to ensure accuracy of accounting records, compliance with all laws & regulations and compliance with all rules, procedures & guidelines

prescribed by the management. An extensive internal audit is carried out by independent firm. An internal team of inspection also regularly visits branches for ensuring regulatory compliance. Post audit reviews are also carried out to ensure follow up on the observations made.

Independent Auditor's Report

To
The Members of
LKP Finance Limited

Report on the Audit of the Standalone Ind AS Financial Statements

1. Qualified Opinion

We have audited the accompanying standalone Ind AS financial statements of **LKP Finance Limited** ("the Company"), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of changes in equity and the Statement of Cash Flows for the year then ended on that date, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of matters described in the Basis for Qualified opinion of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for Qualified Opinion

- (a) The Company has investment in unquoted equity shares with a carrying value of Rs.5,444.92 lakhs. The Company has not obtained fair valuation of these investments as at 31 March 2022 as required by Ind AS 109 "Financial Instrument". In the absence of fair valuation report, we are unable to comment on the carrying value of these investment amounting to Rs 5,444.92 lakhs and the consequent impact thereof on Other Comprehensive Income.
- (b) The Company did not obtain/ receive balance confirmation/ term sheet from two lenders amounting to Rs 3,596.65 lakhs. Hence, we could not obtain external confirmations as required in SA-505, Standards on Auditing and are unable to comment on adjustments or disclosures, if any, that may arise

We conducted our audit of the standalone Ind AS Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of

Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the standalone Ind AS financial statements.

3. Emphasis of Matter

As described in Note 28(b) to the Standalone Ind AS financial statements, State Bank of India obtained an order from Debt Recovery Tribunal (DRT), Bangalore against Kingfisher Airlines, United Breweries (Holdings) Ltd and Others for recovery of dues from them. The Company received a garnishee order from the Recovery Officer, DRT, Bangalore for an amount of Rs 2,500 lakhs (plus interest) as the financial statements of Kingfisher Finvest Limited showed an amount of Rs 2,500 Lakhs due from the Company. The Company has contested the same. The Company has deposited an amount of Rs 1,126.22 Lakhs with the DRT which is on account of deposit for preferring the Appeal before DRAT, Chennai. The matter is presently pending before the Debt Recovery Appellate Tribunal, Chennai for hearing.

Our opinion is not modified in respect of this matter.

4. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the year ended 31 March 2022. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No	Key Audit Matter	How our audit addressed the key audit matter
1.	<p>Non recognition of Deferred tax assets on carried forward tax losses</p> <p>The Company's ability to recover deferred tax assets are assessed by management at the close of each financial year taking into account availability of sufficient future taxable income.</p>	<p>We have considered the recoverability of such deferred tax assets on tax losses carried forward as a key audit matters due to the importance of management's estimation and judgment and the materiality of amounts at stake.</p> <p>We reviewed the evaluation process of deferred tax assets on tax losses carried forward implemented by the Management.</p>

Sr. No	Key Audit Matter	How our audit addressed the key audit matter
		<p>We assessed the permanence of methods used, the relevance and consistency of underlying assumptions (like earnings growth and applicable tax rates) and tested the arithmetic accuracy.</p> <p>We assessed the probability that the company may not use in the future its deferred tax assets, particularly with regard to the ability of the Company to generate sufficient future taxable profits in a foreseeable future allowing the use of existing tax losses carried forward.</p>

5. Other information

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Directors Report along with annexures, but does not include the Ind AS financial statements and our auditor’s report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

6. Management responsibility for the standalone Ind AS financial statements.

The Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act

for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, the Board of Directors is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are responsible for overseeing the Company’s financial reporting process.

7. Auditor’s Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

8. Report on Other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought, except for the matter described in the "Basis for Qualified Opinion" paragraph above, and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) Except for the effects/possible effects of the matter described in the "Basis for Qualified Opinion" paragraph above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - d) Except for the effects/possible effects of the matter described in the "Basis for Qualified Opinion" paragraph above, in our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) The matters described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Company
 - g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the act, as amended;

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/payable by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements. (Refer note 28 of the financial statements)

- ii. The Company has made provision as required under the applicable law or accounting standards, for material foreseeable losses, if any, in respect of long term contracts including derivative contracts; and
- iii. There are no amounts required to be transferred to the Investor Education and Protection Fund by the Company during the year.
- iv. Annexure - B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 9(II)(g) under "Report on other Legal and Regulatory requirements" of our report of even date to the members of the Company on the standalone Ind AS financial statements for the year ended 31 March 2022

We have audited the internal financial controls over financial reporting of **LKP Finance Limited** ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on "Audit of Internal Financial Controls over Financial Reporting" (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and

testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The Procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, material weaknesses have been identified in respect of:

- i) Independent Confirmation/ term sheet which were not obtained /received from two lenders for the balances outstanding as at 31 March, 2022.

ii) Fair valuation of unquoted equity shares as required by the Ind AS 109 “Financial Instruments”.

A ‘material weakness’ is a deficiency, or a combination of deficiencies, in internal financial control with reference to financial statements, such that there is reasonable possibility that a material misstatement of the company’s annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects of the material weakness described above on the achievement of the objectives of the controls criteria, the company has maintained, in all material respects, internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2022, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statement of the Company, and these material weaknesses do has affected our opinion on the standalone financial statements of the Company

Notes forming part of standalone financial statements

1 Company information

LKP Finance Limited (“the Company”) is domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange (BSE) in India. The Company’s registered office is located at 203, Embassy centre, Nariman point, Mumbai 400021, Maharashtra, India. The Company is engaged in the business of finance, investment and trading in shares and securities, derivatives etc. The Company obtained permission from the Reserve Bank of India for carrying on the business of Non-Banking Financial Institutions on 21 May 2009 vide Regn No. B.13.01282.

The separate financial statement (hereinafter referred to as “Financial Statements”) of the Company for the year ended 31 March 2022 were authorised for issue by the Board of Directors at the meeting held on 05 May 2022.

2 Significant accounting policies

(a) Basis of preparation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act and the Master Direction – Non-Banking Financial Company (Reserve Bank) Directions, 2016 (“the NBFC Master Directions”) issued by RBI. These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies stated out below.

The Financial statements have been prepared on a going concern basis. The Company presents its balance sheet in order of Liquidity.

Accounting policies have been consistently applied except where newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakh as per the requirement of schedule III (except per share data), unless otherwise stated. “ 0 “ (zero) denoted less than thousand

(b) Presentation of financial statements

The Company presents its Balance Sheet in order of liquidity. The Company prepares and present its Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity in the format prescribed by Division III of Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 ‘Statement of Cash Flows’. The Company generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically unless they are material in nature. The preparation

of the Company’s financial statements requires Management to make use of estimates and judgments. In view of the inherent uncertainties and a level of subjectivity involved in measurement of items, it is possible that the outcomes in the subsequent financial years could differ from those based on Management’s estimates.

(c) Property, plant and equipment and Intangible assets

Property, Plant and Equipments are stated at cost less accumulated depreciation, and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

(d) Depreciation on property, plant & equipment

Depreciable amount for property, plant and equipment is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on property, plant and equipment is provided on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

(e) Derecognition of property, plant and equipment

The carrying amount of an item of property, plant and equipment / intangibles is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment / intangibles is measured as the difference between the net disposal in proceeds and the carrying amount of the item and is recognised in the statement of profit and loss when the item is derecognised.

(f) Leases

- (i) The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset (“ROU”) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Notes forming part of standalone financial statements

(ii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of rented premises (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

(g) Cash and cash equivalents

- (i) Cash and cash equivalents in the balance sheet comprise cash at bank and on hand and short-term deposit with original maturity upto three months, which are subject to insignificant risk of changes in value.
- (ii) For the purpose of presentation in the statement of cash flows, cash and cash equivalents consists of cash and short-term deposit, as defined as they are considered as integral part of company's cash management.

(h) Fair value measurement

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1** — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- **Level 2** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- **Level 3** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Financial instruments

Financial instruments is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

i Initial recognition

Financial assets are recognized when the company becomes a party to the contractual provisions of the financial instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or

financial liabilities at fair value through profit and loss are recognised immediately in the statement of profit and loss.

ii Subsequent measurement

Financial assets are classified into the following specified categories: amortised cost, financial assets 'at fair value through profit and loss' (FVTPL), 'Fair value through other comprehensive income' (FVTOCI). The classification depends on the Company's business model for managing the financial assets and the contractual terms of cash flows.

Debt Instrument

Amortised Cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. This category generally applies to trade and other receivables.

Fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets.
- b. The asset's contractual cash flows represent solely payments of principal and interest.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Fair value through Profit and Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is considered only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Equity investments

The Company measures its equity investments other than in subsidiary at fair value through profit and loss. However where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income, there is no subsequent reclassification,

Notes forming part of standalone financial statements

on sale or otherwise, of fair value gains and losses to statement of profit and loss.

Investment in subsidiary

Investment in subsidiary are carried at cost and are not adjusted to fair value at the end of each reporting date. The Company assess at the end of each reporting period, if there are any indications, that the said investment may be impaired. If so the company estimates the recoverable value/ amount of the investment and provides for impairment, if any, i.e deficit in the recoverable value over cost.

Derivative financial instruments

Derivative financial instruments are classified and measured at fair value through profit and loss.

iii Derecognition of financial assets

A financial asset is derecognised only when

- i) The Company has transferred the rights to receive cash flows from the asset or the rights have expired or
- ii) The Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients in an arrangement.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Financial liabilities and equity instruments

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Net Gain/ loss on fair value changes includes the effect of financial instruments held at fair value through Profit or loss (FVTPL) for continuing and discontinuing portfolio.

Financial liabilities

i Classification

Financial liabilities are recognized when company becomes party to contractual provisions of the instrument. The Company determines the classification of its financial liability at initial recognition. All financial liabilities are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial liability except for financial liabilities classified as fair value through profit or loss. The Company classifies all financial liabilities at amortised cost or fair value through profit or loss.

ii Subsequent measurement

For the purposes of subsequent measurement, financial liabilities are classified in two categories:

- i) Financial liabilities measured at amortised cost
- ii) Financial liabilities measured at FVTPL (fair value through profit or loss)

i) Financial liabilities measured at amortised cost

After initial recognition, financial liability are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit and loss.

ii) Financial liabilities at fair value through profit or loss

After initial recognition, loans, borrowings and deposits are subsequently measured at amortised cost using the effective interest rate (EIR) method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortization process. The EIR amortisation is included in finance costs in the statement of profit and loss.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short-term maturity of these instruments.

iii De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(i) Borrowing costs

Borrowing costs attributable to the acquisition or construction of qualifying assets are capitalised as part of cost of such assets. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity

Notes forming part of standalone financial statements

incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowings.

(j) Provisions, contingent liabilities and contingent assets

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements, however they are disclosed where the inflow of economic benefits is probable. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

(k) Revenue recognition

The Companies (Indian Accounting Standards) Amendment Rules, 2018 issued by the Ministry of Corporate Affairs (MCA) notified Ind AS 115 "Revenue from Contracts with Customers" related to revenue recognition which replaces all existing revenue recognition standards and provide a single, comprehensive model for all contracts with customers. The revised standard contains principles to determine the measurement of revenue and timing of when it is recognized. The amendment also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in those judgments as well as assets recognized from costs incurred to fulfill these contracts.

A. Revenue - Revenue is measured at the fair value of consideration received or receivable. Revenue is recognised only when it can be reliably measured and it is probable that future economic benefits will flow to the Company.

- a) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.
- b) Dividend income is recognised when the Company's right to receive dividend is established.
- c) Advisory fees is measured and recognised as per the term of the agreement

Transaction price is accounted net of GST. Since GST is not received by the company on its own account, rather, it is collected by the Company on behalf of the government. Accordingly, it is excluded from revenue.

d) The Company designates certain financial assets for subsequent measurement at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI). The Company recognises gains on fair value change of financial assets measured at FVTPL and realised gains on derecognition of financial asset measured at FVTPL and FVOCI on net basis in profit or loss

(e) The Company recognises income on recoveries of financial assets written off on realisation or when the right to receive the same without any uncertainties of recovery is established.

B. Contract Costs

In accordance with Ind AS - 115, incremental costs to obtain a contract are capitalized and amortized over the contract term if the cost are expected to be recoverable. The Company does not capitalize incremental costs to obtain a contract where the contract duration is expected to be one year or less.

C. Arrangements with Multiple Performance Obligations

The Company's contracts with customers may include multiple performance obligations. For such arrangements, the Company allocates revenue to each performance obligation based on its relative standalone selling price, which is generally determined based on the price charged to customers.

D. Contract assets and liabilities

Contract assets relate primarily to the Company's rights to consideration for work completed but not billed at each reporting date. Contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the Company issues an invoice to a customer.

Contract liabilities primarily relate to consideration received in advance from customers, for which the performance obligation is yet to be satisfied.

(l) Retirement and other employee benefits

(i) The Company operates both defined benefit and defined contribution schemes for its employees.

For defined contribution schemes the amount charged as expense is equal to the contributions paid or payable when employees have rendered services entitling them to the contributions.

For defined benefit plans, actuarial valuations are carried out at each balance sheet date using the Projected Unit Credit Method. The Company makes contribution to a scheme administered by the Life Insurance Corporation of India ("LIC") to discharge the gratuity liability to employees. The Company records its gratuity liability based on an actuarial valuation made by an independent actuary as at year end. Contribution made to the LIC fund and provision made for the funded amounts are expensed in the books of accounts.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability/ (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability/ (asset) comprising actuarial gains and losses (excluding interest on the net defined benefit liability/ (asset)) are recognised in Other Comprehensive Income (OCI). Such remeasurements are not reclassified to the statement of profit and loss, in the subsequent periods.

Notes forming part of standalone financial statements

(ii) Short term employee benefits: All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability.

(m) Transactions in foreign currencies

(i) The functional currency of the Company is Indian Rupees (“Rs.”). Foreign currency transactions are accounted at the exchange rate prevailing on the date of such transactions.

(ii) Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Exchange differences arising on settlement of monetary items or on reporting such monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements are recognised as income or as expenses in the period in which they arise.

(iii) Non-monetary foreign currency items are carried at historical cost and translated at the exchange rate prevalent at the date of the transaction.

(n) Accounting for taxes on income

Tax expense comprises of current and deferred tax.

Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Current tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax is recognized in the statement of profit and loss except to the extent that the tax relates to items recognized directly in other comprehensive income or directly in equity.

Deferred tax

Deferred tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred tax arises from the initial recognition of an asset or liability that effects neither accounting nor taxable profit or loss at the time of transition.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Presentation of current and deferred tax

Current and deferred tax are recognized as income or an expense in the statement of profit and loss, except to the extent they relate to items that are recognized in other comprehensive income, in which

case, the current and deferred tax income / expense are recognised in other comprehensive income.

(o) Impairment of non-financial assets

The carrying amounts of non financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying amount exceeds its recoverable value. The recoverable amount is the greater of an asset's or cash generating unit's, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the statement of profit and loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed by crediting the statement of profit and loss if there has been a change in the estimate of recoverable amount.

(p) Earnings per share

Basic earnings per share is computed and disclosed using the weighted average number of equity shares outstanding during the period. Dilutive earnings per share is computed and disclosed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period, except when the results would be anti-dilutive.

(q) Provisions

Provision is recognised when an enterprise has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on management estimates required to settle the obligation at the balance sheet date, supplemented by experience of similar transactions. These are reviewed at the balance sheet date and adjusted to reflect the current management estimates.

(r) Share based payments

The Company recognizes compensation expense relating to share-based payments in net profit using fair-value in accordance with Ind AS 102, Share- Based Payment. The estimated fair value of awards is charged to statement of profit and loss on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in substance, multiple awards with a corresponding increase to share based payment reserves.

(s) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(t) Exceptional items

Certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expenses are classified as an exceptional item and accordingly, disclosed in the financial statements.

Notes forming part of standalone financial statements

(u) Critical accounting judgment and estimates

The preparation of financial statements requires management to exercise judgment in applying the Company's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

a Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

b Useful lives and residual values

The Company reviews the useful lives and residual values of property, plant and equipment and intangible assets at each financial year end.

c Impairment testing

Judgment is also required in evaluating the likelihood of collection of customer debt after revenue has been recognised. This evaluation requires estimates to be made, including the level of provision to be made for amounts with uncertain recovery profiles. Provisions are based on historical trends in the percentage of debts which are not recovered, or on more detailed reviews of individually significant balances.

Determining whether the carrying amount of these assets has any indication of impairment also requires judgment. If an indication of impairment is identified, further judgment is required to assess whether the carrying amount can be supported by the net present value of future cash flows forecast to be derived from the asset. This forecast involves cash flow projections and selecting the appropriate discount rate.

d Tax

The Company's tax charge is the sum of the total current and deferred tax charges. The calculation of the Company's total tax charge necessarily involves a degree of estimation and judgment in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process.

Accruals for tax contingencies require management to make judgments and estimates in relation to tax related issues and exposures.

The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary

differences can be deducted. Where the temporary differences are related to losses, the availability of the losses to offset against forecast taxable profits is also considered. Recognition therefore involves judgment regarding the future financial performance of the particular legal entity or tax Company in which the deferred tax asset has been recognized.

e Defined benefit obligation

The costs of providing pensions and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 35, 'Employee benefits'.

f Impairment of financial assets

The Company recognizes loss allowances for expected credit losses on its financial assets measured at amortized cost. At each reporting date, the Company assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

g Recent accounting pronouncements

Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

IndAS16–Property Plant and equipment -The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

IndAS37–Provisions, Contingent Liabilities and Contingent Assets–

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

32 Financial Instruments

i) The Company’s principal financial assets include investments, loans, trade receivables, other receivables, and cash and cash equivalents that derive directly from its operations. The Company’s principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company’s operations.

a) Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, other financial instruments.

1) Interest rate risk:

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that future cash flows of floating interest bearing investments will vary because of fluctuations in interest rates.

Notes forming part of standalone financial statements

The Company’s exposure to the risk of changes in market interest rates relates primarily to the Company’s short-term loan from banks.

Interest rate risk exposure

	(Rs. Lakhs)	
	As at 31 March 2022	As at 31 March 2021
Variable rate borrowings*	4,629.42	980.99

*The above figures doesnot include amount due from other parties in the absence of term sheet and confirmation. Refer note 28 (b)

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company’s profit before tax is affected through the impact of change in interest rate of borrowings, as follows:

	(Rs. Lakhs)	
	Increase / decrease in basis points	Effect on Profit before tax
As on 31 March 2022	+ 50 / - 50	23.15
As on 31 March 2021	+ 50 / - 50	4.90

2) Foreign currency risk:

The Company does not have any foreign currency risk. Hence no sensitivity analysis is required

3) Credit Risk:

Credit risk is the risk that the Company will incur a loss because its Loans and receivables fail to discharge their contractual obligations. The Company has a framework for monitoring credit quality of its Loans and receivables based on days past due monitoring at year end. Repayment by individual Loans and receivables are tracked regularly and required steps for recovery are taken through follow ups and legal recourse. Credit risk arises from loans and advances, receivables, cash and cash equivalents, and deposits with banks and financial institutions.

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company’s Loans and advances, receivables, cash and cash equivalents, deposits with banks and investments .

The Company measures the expected credit loss of Loans and receivables based on historical trend, industry practices and the business environment in which the entity operates. Expected Credit Loss is based on actual credit loss experienced and past trends based on the historical data.

(i) Credit risk management

Company considers probability of default upon initial recognition of asset and whether there has been any significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk Company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information.

Definition of Default

A default on a financial asset is when the counterparty fails to make contractual payments within 90 days of when they fall due. This definition of default is determined by considering the business environment in which NBFC operates and other macro-economic factors.

For Trade receivables, definition of default has been considered at 360 days past due after looking at the historical trend of receiving the payments.

Provision for expected credit losses

Company provides for expected credit loss based on following:

Notes forming part of standalone financial statements

The Company classifies its financial assets in three stages having the following characteristics :

Stage 1 :- Unimpaired and without significant increase in credit risk since initial recognition on which a 12 months allowance for ECL is recognised ; Stage 2 :- a significant increase in credit risk since initial recognition on which a lifetime ECL is recognised ; and Stage 3 :-Objective evidence of impairment, and are therefore considered to be in default or otherwise credit impaired on which lifetime ECL is recognised.

Unless identified at an earlier stage, all financial assets are deemed to have suffered a significant increase in credit risk when they are 30 days past due (DPD) on the reporting date and are accordingly transferred from stage 1 to stage 2 .For Stage 1 an ECL allowance is calculated on a 12 months point in time probability weighted probability of default . For stage 2 and 3 assets a life time ECL is calculated on a lifetime probability of default

Total	19,840.23	19,840.23	13,385.99	475.00	3,140.72

Fair Value Hierarchy :

- Investments included in Level 1 of fair value hierarchy are based on prices quoted in stock exchange and/ or NAV declared by the funds.
- Investments included in Level 2 of fair value hierarchy have been valued based on inputs from banks and other recognised institutions such as FIMMDA/ FEDAI
- Investments included in Level 3 of fair value hierarchy have been valued using acceptable valuation techniques such as Net Asset Value and/ or Discounted Cash Flow Method.

Note : All financial instruments for which fair value is recognised or disclosed are categorised within the Fair Value Hierarchy described as above, based on the lowest level input that is significant to the fair value measurement as a whole.

Foreign currency risk:

The company enters into transactions in currency other than its functional currency and is therefore exposed to foreign currency risk. The Company analyses currency risk as to which balances outstanding in currency other than the functional currency of that company. The management has taken a position not to hedge this currency risk.

The company undertakes transactions denominated in foreign currencies, consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are not hedged considering the insignificant impact and period involved on such exposure.

The Company does not have any foreign currency risk. Hence No sensitivity analysis is required.

VII Quantitative Sensitivity Analysis

The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points

	31 March 2022	31 March 2021
Projected benefit obligation on current assumptions		
Increase by 1% in Discount rate	51.14	68.18
Decrease by 1% in Discount rate	57.17	74.52
Increase by 1% in Rate of salary increase	55.96	73.17
Decrease by 1% in Rate of salary increase	52.16	69.36

VIII Maturity analysis of projected benefit obligation : from the fund

	(Rs Lakhs)	
Projected benefits payable in future years from the date of reporting	31 March 2022	31 March 2021
1st Following Year	3.79	23.47
2nd Following Year	3.67	3.35
3rd Following Year	4.81	3.24
4th Following Year	4.38	4.37
5th Following Year	16.72	4.03
Sum of years 6 to 10	28.82	35.39

Notes:

- (a) The current service cost recognized as an expense is included in the Note 25 'Employee benefits expense' as gratuity. The rereasurement of the net defined benefit liability is included in other comprehensive income.
- (b) The estimate of future salary increases considered in the actuarial valuation takes into account the rate of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- (c) Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

INDEPENDENT AUDITOR’S REPORT

Independent Auditor’s Report on the Audit of Consolidated Financial Statements

To

The Members of **LKP Finance Limited**

1. Qualified Opinion

We have audited the accompanying consolidated financial statements of **LKP Finance Limited** (“the Holding Company or the Company”) and its subsidiary (Holding Company and its subsidiary together referred to as “ the Group), which comprise the consolidated balance sheet as at 31 March 2022, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements including a summary of significant accounting policies and other explanatory information (herein after referred to as “consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of matters described in the Basis for Qualified opinion of our report, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at 31 March 2022, its consolidated profit, consolidated total comprehensive income, changes in equity and its consolidated cash flows for the year ended on that date.

2. Basis for Qualified Opinion

- (a) The Group has investment in unquoted equity shares with a carrying value of Rs.5,444.92 lakhs. The Company has not obtained fair valuation of these investments as at 31 March 2022 as required by Ind AS 109 “Financial Instrument”. In the absence of fair valuation report, we are unable to comment on the carrying value of these investment amounting to Rs 5,444.92 lakhs and the consequent impact thereof on Other Comprehensive Income.
- (b) The Group did not obtain/ receive balance confirmation/ term sheet from two lenders amounting to Rs 3,596.65 lakhs. Hence, we could not obtain external confirmations as required in SA-505, Standards on Auditing and are unable to comment on adjustments or disclosures, if any, that may arise

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s

Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

3. Emphasis of Matter

As described in Note 28(b) to the Consolidated Ind AS financial statements, State Bank of India obtained an order from Debt Recovery Tribunal (DRT), Bangalore against Kingfisher Airlines, United Breweries (Holdings) Limited and Others for recovery of dues from them. The Group received a garnishee order from the Recovery Officer, DRT, Bangalore for an amount of Rs 2,500 lakhs (plus interest) as the financial statements of Kingfisher Finvest Limited showed an amount of Rs 2,500 lakhs due from the Group. The Group has contested the same. The matter is presently pending before the Debt Recovery Appellate Tribunal, Chennai for hearing. The scope, duration or outcome of the matter is uncertain. Our opinion is not modified in respect of this matter.

4. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended 31 March 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

S r. No	Key Audit Matter	How our audit addressed the key audit matter
1.	Non recognition of Deferred tax assets on carried forward tax losses The Group’s ability to recover deferred tax assets are assessed by management at the close of each financial year taking into account availability of sufficient future taxable income.	We have considered the recoverability of such deferred tax assets on tax losses carried forward as a key audit matters due to the importance of management’s estimation and judgment and the materiality of amounts at stake. We reviewed the evaluation process of deferred tax assets on tax losses carried forward implemented by the Management.

S r . No	Key Audit Matter	How our audit addressed the key audit matter
		<p>We assessed the permanence of methods used, the relevance and consistency of underlying assumptions (like earnings growth and applicable tax rates) and tested the arithmetic accuracy.</p> <p>We assessed the probability that the Group may not use in the future its deferred tax assets, particularly with regard to the ability of the Group to generate sufficient future taxable profits in a foreseeable future allowing the use of existing tax losses carried forward.</p>

5. Other Information

The Holding Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Corporate Governance and Shareholder’s Information, but does not include the consolidated financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard

6. Management’s Responsibility for the Consolidated Financial Statements

The Holding Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS prescribed under Section 133

of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies are responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors of the companies are responsible for overseeing the Group’s financial reporting process.

7. Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Holding Company and such other entity included in the consolidated financial statements of which we are independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

8. Other matters

We did not audit the financial statements of a subsidiary company whose financial statements reflect total assets of Rs. 3,220.12 lakhs as at 31 March 2022, total income of Rs.-715.57 lakhs, total profit after tax of Rs.375.65 lakhs, total comprehensive income of Rs.377.82 lakhs for the year ended on that date, as considered in the consolidated financial statements. The financial statements have been audited by other auditor whose reports has been furnished to us by the Management and our opinion on the consolidated annual financial results, in so far as it relates to the amounts and disclosures included in respect of the subsidiary is based solely on the reports of the other auditors

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management

9. Report on Other Legal and Regulatory requirements

I. As required by Section 143 (3) of the Act, we report that:

- a) We have sought, except for the matter described in the "Basis for Qualified Opinion" paragraph above, and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) Except for the effects/possible effects of the matter described in the "Basis for Qualified Opinion" paragraph above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- d) Except for the effects/possible effects of the matter described in the "Basis for Qualified Opinion" paragraph above, in our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
- e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) The matters described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Company

- g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.
- h) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the act, as amended;
- i) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/payable by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act:
- i. The Group has disclosed the impact of pending litigations on its financial position in its consolidated Ind AS financial statements. (Refer note 28 of the financial statements)
- ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts; and
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary company incorporated in India
- iv. (a) The respective managements of the Company and its subsidiary have represented, that, to the best of their knowledge and belief, other than as disclosed in notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company and the subsidiary to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company and the subsidiary (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- (b) The respective managements of the Company and its subsidiary has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the Company and the subsidiary from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company and the subsidiary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by the Company and its subsidiary, nothing has come to our notice that has caused us to believe that the representations under subclause iv(a) and (b) contain any material misstatement.
- v. As stated in Note 40 to the consolidated financial statements
- (a) The final dividend proposed in the previous year declared and paid by the Company during the year is in accordance with Section 123 of the Act.
- (b) The Board of Directors of the Company have proposed final dividend for the year which is subject to approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act.
- vi With respect to the matters specified in para 3(xxi) and 4 of the Companies (Auditor’s Report) Order, 2020 (the “Order”/ “CARO”) issued by the Central Government in terms of Section 143 (11) of the Act, to be included in the Auditor’s report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and the CARO report issued by other auditor for the subsidiary company included in the Consolidated financial statements of the Company, we report that there are no qualifications or adverse remarks in these CARO reports

Annexure - A to the Independent Auditor's Report**Report on the Internal Financial Controls under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 9(g) under 'Report on Other Legal and Regulatory Requirements' of our Report of even date to the members of the LKP Finance Limited on the consolidated financial statements for the year ended 31 March 2022**

We have audited the internal financial controls over financial reporting of **LKP Finance Limited** ("the Company" or "the Holding Company"), and its subsidiary, incorporated in India (the Holding Company and its subsidiary together referred to as "the Group") as of 31 March 2022 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Group based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including

the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor of the subsidiary, incorporated in India, in terms of the report referred to in the Other Matter paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Group.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, material weaknesses have been identified in respect of:

- i) Independent Confirmation/ term sheet which were not obtained /received from two lenders for the balances outstanding as at 31 March, 2022.
- ii) Fair valuation of unquoted equity shares as required by the Ind AS 109 "Financial Instruments".

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control with reference to financial statements, such that there is reasonable possibility that a material

misstatement of the Group's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects of the material weakness described above on the achievement of the objectives of the controls criteria, the Group has maintained, in all material respects, internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2022, based on the internal control with reference to financial statements criteria established by the Holding Company and its subsidiary incorporated in India considering the essential components of internal control stated in the Guidance Note.

We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the consolidated financial statement of the Company, and these material weaknesses do has affected our opinion on the standalone financial statements of the Company.

Other Matter

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to a subsidiary incorporated in India, is based solely on corresponding reports of the auditor of such company incorporated in India. Our opinion is not qualified in respect of this matter.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022
1 Corporate information

LKP Finance Limited ("the Parent Company") is domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange(BSE) in India. The Company's registered office is located at 203, Embassy centre, Nariman point, Mumbai 400021, Maharashtra, India. The Company along with its subsidiary (collectively referred to as "the Group") is engaged in the business of finance and trading and investment in shares and securities, derivatives etc.

The Holding Company obtained permission from the Reserve Bank of India for carrying on the business of Non-Banking Financial Institutions on 7 August 1999 vide Regn No. B.13.01282. The consolidated financial statement (hereinafter referred to as "Financial statements ") of the Group for the year ended 31 March 2022 were authorised for issue by the Board of Directors at the meeting held on 05 May 2022.

2 Significant accounting policies
(a) Basis of preparation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act and the Master Direction – Non-Banking Financial Company (Reserve Bank) Directions, 2016 ("the NBFC Master Directions") issued by RBI.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies stated out below.

The Financial statements have been prepared on a going concern basis. The Group presents its balance sheet in order of Liquidity.

Accounting policies have been consistently applied except where newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakh as per the requirement of schedule III (except per share data), unless otherwise stated.

Principles of Consolidation

The consolidated financial statements incorporate the financial statements of LKP Finance Limited and entity controlled by LKP Finance Limited.

Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiary are consolidated from the date control commences until the date control ceases.

The financial statements of the Group are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group.

The consolidated financial statements incorporate the financial statements of the company, its subsidiary (as listed in the table below).

Name of the Subsidiaries	Proportion of Interest (including beneficial interest) / Voting Power (either directly / indirectly or through Subsidiary)	Principal place of business
Direct Subsidiary		
Bond Street Capital Private Limited (formerly known as Gayatri Cements & Chemicals Industries Private Limited).	100% (100%)	India

Figures for preparation of consolidated financial statements have been derived from the audited financial statements of the respective companies in the Group.

(b) Property, plant and equipment and Intangible assets

Property, Plant and Equipments are stated at cost less accumulated depreciation, and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

(c) Depreciation on property, plant & equipment

i) Depreciable amount for property, plant and equipment is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on property, plant and equipment is provided on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013

(d) Derecognition of property, plant and equipment / intangible assets

The carrying amount of an item of property, plant and equipment / intangibles is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment / intangibles is measured as the difference between the net disposal in proceeds and the carrying amount of the item and is recognised in the statement of profit and loss when the item is derecognised.

(e) Leases

The group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether: (i) the contract involves the use of an identified asset (ii) the group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the group has the right to direct the use of the asset.

At the date of commencement of the lease, the group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

(f) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of rented premises (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

(g) Cash and cash equivalents

(i) Cash and cash equivalents in the balance sheet comprise cash at bank and on hand and short-term deposit with original maturity upto three months, which are subject to insignificant risk of changes in value.

(ii) For the purpose of presentation in the statement of cash flows, cash and cash equivalents consists of cash and short-term deposit, as defined as they are considered as integral part of group's cash management.

(h) Fair value measurement

The Group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1** — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

- **Level 2** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- **Level 3** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Financial instruments

Financial instruments is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

i Initial recognition

Financial assets are recognized when the group becomes a party to the contractual provisions of the financial instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the statement of profit and loss.

ii Subsequent measurement

Financial assets are classified into the following specified categories: amortised cost, financial assets 'at fair value through profit and loss' (FVTPL), 'Fair value through other comprehensive income' (FVTOCI). The classification depends on the group's business model for managing the financial assets and the contractual terms of cash flows.

Debt Instrument

Amortised Cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. This category generally applies to trade and other receivables.

Fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets.
- The asset's contractual cash flows represent solely payments of principal and interest.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the group recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Fair value through Profit and Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the Group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is considered only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Equity investments

All equity investments in scope of Ind AS 109 'Financial instruments' are measured at fair value. However the Group has strategic investments in equity for which it has elected to present subsequent changes in the fair value in OCI. The classification is made on initial recognition and is irrevocable.

All fair value changes of the equity instruments, excluding dividends, are recognised in OCI and not available for reclassification to profit or loss, even on sale of investments. Equity instruments at FVOCI are not subject to an impairment assessment.

Derivative financial instruments

Derivative financial instruments are classified and measured at fair value through profit and loss.

iii Derecognition of financial assets

A financial asset is derecognised only when

- i) The Group has transferred the rights to receive cash flows from the asset or the rights have expired or
- ii) The Group retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients in an arrangement.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Impairment of financial assets

The group measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Financial liabilities and equity instruments

Debt or equity instruments issued by the group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the group are recognised at the proceeds received, net of direct issue costs.

Repurchase of the group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised on the purchase, sale, issue or cancellation of the Group's own equity instruments.

Net Gain/ loss on fair value changes includes the effect of financial instruments held at fair value through Profit or loss (FVTPL) for continuing and discontinuing portfolio.

Financial liabilities

i Classification

Financial liabilities are recognized when the group becomes party to contractual provisions of the instrument. The Group determines the classification of its financial liability at initial recognition. All financial liabilities are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial liability except for financial liabilities classified as fair value through profit or loss. The Group classifies all financial liabilities at amortised cost or fair value through profit or loss.

ii Subsequent measurement

For the purposes of subsequent measurement, financial liabilities are classified in two categories:

- i) Financial liabilities measured at amortised cost
 - ii) Financial liabilities measured at FVTPL (fair value through profit or loss)
- i) Financial liabilities measured at amortised cost**

After initial recognition, financial liability are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit and loss.

ii) Financial liabilities at fair value through profit or loss

After initial recognition, loans, borrowings and deposits are subsequently measured at amortised cost using the effective interest rate (EIR) method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortization process. The EIR amortisation is included in finance costs in the statement of profit and loss.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short-term maturity of these instruments.

iii) De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(i) Borrowing costs

Borrowing costs attributable to the acquisition or construction of qualifying assets are capitalised as part of cost of such assets. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowings.

(j) Provisions, contingent liabilities and contingent assets

The Group recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements, however they are disclosed where the inflow of economic benefits is probable. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

(k) Revenue recognition

The Companies (Indian Accounting Standards) Amendment Rules, 2018 issued by the Ministry of Corporate Affairs (MCA) notified Ind AS 115 "Revenue from Contracts with Customers" related to revenue recognition which replaces all existing revenue recognition standards and provide a single, comprehensive model for all contracts with customers. The revised standard contains principles to determine the measurement of revenue and timing of when it is recognized. The amendment also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in those judgments as well as assets recognized from costs incurred to fulfill these contracts.

- A. Revenue - Revenue is measured at the fair value of consideration received or receivable. Revenue is recognised only when it can be reliably measured and it is probable that future economic benefits will flow to the Group.
- a) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably.
- b) Dividend income is recognised when the Group's right to receive dividend is established.
- c) Advisory fees is measured and recognised as per the term of the agreement
Transaction price is accounted net of GST. Since GST is not received by the group on its own account, rather, it is collected by the Group on behalf of the government. Accordingly, it is excluded from revenue.
- d) The Company designates certain financial assets for subsequent measurement at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI). The Company recognises gains on fair value change of financial assets measured at FVTPL and realised gains on derecognition of financial asset measured at FVTPL and FVOCI on net basis in profit or loss

(e) The Company recognises income on recoveries of financial assets written off on realisation or when the right to receive the same without any uncertainties of recovery is established.

B. Contract Costs

In accordance with Ind AS - 115, incremental costs to obtain a contract are capitalized and amortized over the contract term if the cost are expected to be recoverable. The Group does not capitalize incremental costs to obtain a contract where the contract duration is expected to be one year or less.

C. Arrangements with Multiple Performance Obligations

The Group's contracts with customers may include multiple performance obligations. For such arrangements, the Group allocates revenue to each performance obligation based on its relative standalone selling price, which is generally determined based on the price charged to customers.

D. Contract assets and liabilities

Contract assets relate primarily to the Group's rights to consideration for work completed but not billed at each reporting date. Contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the Group issues an invoice to a customer.

Contract liabilities primarily relate to consideration received in advance from customers, for which the performance obligation is yet to be satisfied.

(l) Retirement and other employee benefits

(i) The Group operates both defined benefit and defined contribution schemes for its employees.

For defined contribution schemes the amount charged as expense is equal to the contributions paid or payable when employees have rendered services entitling them to the contributions.

For defined benefit plans, actuarial valuations are carried out at each balance sheet date using the Projected Unit Credit Method. The Group makes contribution to a scheme administered by the Life Insurance Corporation of India ("LIC") to discharge the gratuity liability to employees. The Group records its gratuity liability based on an actuarial valuation made by an independent actuary as at year end. Contribution made to the LIC fund and provision made for the funded amounts are expensed in the books of accounts.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability/ (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability/ (asset) comprising actuarial gains and losses (excluding interest on the net defined benefit liability/ (asset)) are recognised in Other Comprehensive Income (OCI). Such remeasurements are not reclassified to the statement of profit and loss, in the subsequent periods.

(ii) Short term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Group recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability.

(m) Transactions in foreign currencies

(i) The functional currency of the Group is Indian Rupees ("Rs."). Foreign currency transactions are accounted at the exchange rate prevailing on the date of such transactions.

(ii) Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Exchange differences arising on settlement of monetary items or on reporting such monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements are recognised as income or as expenses in the period in which they arise.

(iii) Non-monetary foreign currency items are carried at historical cost and translated at the exchange rate prevalent at the date of the transaction.

(n) Accounting for taxes on income

Tax expense comprises of current and deferred tax.

Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Current tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in the tax returns

with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax is recognized in the statement of profit and loss except to the extent that the tax relates to items recognized directly in other comprehensive income or directly in equity.

Deferred tax

Deferred tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred tax arises from the initial recognition of an asset or liability that effects neither accounting nor taxable profit or loss at the time of transition.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Presentation of current and deferred tax

Current and deferred tax are recognized as income or an expense in the statement of profit and loss, except to the extent they relate to items that are recognized in other comprehensive income, in which case, the current and deferred tax income / expense are recognised in other comprehensive income.

(o) Impairment of non-financial assets

The carrying amounts of non financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying amount exceeds its recoverable value. The recoverable amount is the greater of an asset's or cash generating unit's, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the statement of profit and loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed by crediting the statement of profit and loss if there has been a change in the estimate of recoverable amount.

(p) Earnings per share

Basic earnings per share is computed and disclosed using the weighted average number of equity shares outstanding during the period. Dilutive earnings per share is computed and disclosed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period, except when the results would be anti-dilutive.

(q) Share based payments

The Group recognizes compensation expense relating to share-based payments in net profit using fair-value in accordance with Ind AS 102, Share-Based Payment. The estimated fair value of awards is charged to statement of profit and loss on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in substance, multiple awards with a corresponding increase to share based payment reserves.

(r) Provisions

Provision is recognised when an enterprise has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on management estimates required to settle the obligation at the balance sheet date, supplemented by experience of similar transactions. These are reviewed at the balance sheet date and adjusted to reflect the current management estimates.

(s) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(t) Exceptional items

Certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the Group is such that its disclosure improves the understanding of the performance of the Group, such income or expenses are classified as an exceptional item and accordingly, disclosed in the financial statements.

(u) Critical accounting judgment and estimates

The preparation of financial statements requires management to exercise judgment in applying the Group's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

a Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

b Useful lives and residual values

The Group reviews the useful lives and residual values of property, plant and equipment and intangible assets at each financial year end.

c Impairment testing

Judgment is also required in evaluating the likelihood of collection of customer debt after revenue has been recognised. This evaluation requires estimates to be made, including the level of provision to be made for amounts with uncertain recovery profiles. Provisions are based on historical trends in the percentage of debts which are not recovered, or on more detailed reviews of individually significant balances.

Determining whether the carrying amount of these assets has any indication of impairment also requires judgment. If an indication of impairment is identified, further judgment is required to assess whether the carrying amount can be supported by the net present value of future cash flows forecast to be derived from the asset. This forecast involves cash flow projections and selecting the appropriate discount rate.

d Tax

The Group's tax charge is the sum of the total current and deferred tax charges. The calculation of the Group's total tax charge necessarily involves a degree of estimation and judgment in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process.

Accruals for tax contingencies require management to make judgments and estimates in relation to tax related issues and exposures.

The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. Where the temporary differences are related to losses, the availability of the losses to offset against forecast taxable profits is also considered. Recognition therefore involves judgment regarding the future financial performance of the particular legal entity or Group in which the deferred tax asset has been recognized.

e Defined benefit obligation

The costs of providing pensions and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 35, 'Employee benefits'.

f Recent accounting pronouncements

Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

IndAS16–Property Plant and equipment -The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

IndAS37–Provisions, Contingent Liabilities and Contingent Assets–

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

32 Financial Instruments

- i) The Group's principal financial assets include investments, loans, trade receivables, other receivables, and cash and cash equivalents that derive directly from its operations. The Group's principal financial liabilities, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations.

a) Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, other financial instruments.

1) Interest rate risk:

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that future cash flows of floating interest bearing investments will vary because of fluctuations in interest rates.

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's short-term loan from banks.

2) Foreign currency risk:

The Group does not have any foreign currency risk. Hence no sensitivity analysis is required

3) Credit Risk:

Credit risk is the risk that the Group will incur a loss because its Loans and receivable fail to discharge their contractual obligations. The Group has a framework for monitoring credit quality of its Loans and receivables based on days past due monitoring at year end. Repayment by individual Loans and receivables are tracked regularly and required steps for recovery are taken through follow ups and legal recourse. Credit risk arises from loans and advances, receivables, cash and cash equivalents, and deposits with banks and financial institutions.

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's Loans and advances, receivables, cash and cash equivalents, deposits with banks and investments.

The Group measures the expected credit loss of Loans and receivables based on historical trend, industry practices and the business environment in which the entity operates. Expected Credit Loss is based on actual credit loss experienced and past trends based on the historical data.

(i) Credit risk management

Group considers probability of default upon initial recognition of asset and whether there has been any significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk Group compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information.

Definition of Default

A default on a financial asset is when the counterparty fails to make contractual payments within 90 days of when they fall due. This definition of default is determined by considering the business environment in which NBFC operates and other macro-economic factors.

For Trade receivables, definition of default has been considered at 360 days past due after looking at the historical trend of receiving the payments.

Provision for expected credit losses

Group provides for expected credit loss based on following:

The Group classifies its financial assets in three stages having the following characteristics :

Stage 1 :- Unimpaired and without significant increase in credit risk since initial recognition on which a 12 months allowance for ECL is recognised ; Stage 2 :- a significant increase in credit risk since initial recognition on which a lifetime ECL is recognised ; and

Stage 3 :- Objective evidence of impairment, and are therefore considered to be in default or otherwise credit impaired on which lifetime ECL is recognised.

Unless identified at an earlier stage, all financial assets are deemed to have suffered a significant increase in credit risk when they are 30 days past due (DPD) on the reporting date and are accordingly transferred from stage 1 to stage 2 .For Stage 1 an ECL allowance is calculated on a 12 months point in time probability weighted probability of default . For stage 2 and 3 assets a life time ECL is calculated on a lifetime probability of default

ii) Capital Management

For the purpose of Group's capital management, capital includes issued capital and other equity reserves. The primary objective of the Group's Capital Management is to maximize shareholder value. The Group manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Group monitors capital using gearing ratio, which is Net debt divided by total capital.

The management assessed that cash and cash equivalents and bank balances, trade receivables, other financial assets, certain investments, trade payables and other current liabilities approximate their fair value largely due to the short-term maturities of these instruments. Difference between carrying amount and fair value of bank deposits, other financial assets, other financial liabilities and borrowings subsequently measured at amortised cost is not significant in each of the year presented.

Fair Value Hierarchy :

- Investments included in Level 1 of fair value hierarchy are based on prices quoted in stock exchange and/ or NAV declared by the funds.
- Investments included in Level 2 of fair value hierarchy have been valued based on inputs from banks and other recognised institutions such as FIMMDA/ FEDAI
- Investments included in Level 3 of fair value hierarchy have been valued using acceptable valuation techniques such as Net Asset Value and/ or Discounted Cash Flow Method.

Note : All financial instruments for which fair value is recognised or disclosed are categorised within the Fair Value Hierarchy described as above, based on the lowest level input that is significant to the fair value measurement as a whole.

Foreign currency risk:

The Group enters into transactions in currency other than its functional currency and is therefore exposed to foreign currency risk. The Group analyses currency risk as to which balances outstanding in currency other than the functional currency of that Group. The management has taken a position not to hedge this currency risk.

The Group undertakes transactions denominated in foreign currencies, consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are not hedged considering the insignificant impact and period involved on such exposure.

The Group does not have any foreign currency risk. Hence No sensitivity analysis is required.

VII Quantitative Sensitivity Analysis

The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points

	(Rs Lakhs)	
	31 March 2022	31 March 2021
Projected benefit obligation on current assumptions		
Increase by 1% in Discount rate	51.14	68.18
Decrease by 1% in Discount rate	57.17	74.52
Increase by 1% in Rate of salary increase	55.96	73.17
Decrease by 1% in Rate of salary increase	52.16	69.36

4th Following Year	4.38	4.37
5th Following Year	16.72	4.03
Sum of years 6 to 10	28.82	35.39

Notes:

- (a) The current service cost recognized as an expense is included in the Note 25 'Employee benefits expense' as gratuity. The remeasurement of the net defined benefit liability is included in other comprehensive income.
- (b) The estimate of future salary increases considered in the actuarial valuation takes into account the rate of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- (c) Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.
